NFA Items – Machine Guns, Suppressors

Auctioneers Note: The items in the Category fall under the National Firearms Act of 1934. There are considered Class 3 items. Very specific paperwork must be submitted to the ATF including being fingerprinted and including a current photograph. A \$200 fee for a Tax Stamp is collected by the ATF. The paperwork process can take many months to be completed and get a response from the ATF. All of these items are going to be on a Form 4 and are part of an Estate. The items will be maintained by the Estate until the Approval process is completed by the ATF and a new Form 4 with Tax Stamp has been issued in your name. If a MD Resident we can help with the paperwork. If you are a resident of any state other than MD the items will be transferred on a Form 4 to a Class 3/SOT holder in your state. There will be a \$200 paperwork/Tax stamp fee to transfer the item to your dealer. Once in the possession of your Dealer you will then have to complete a Separate Form 4 and submit that paperwork to the ATF and pay the \$200 Tax stamp. For whatever reason if you are not approved we can resell the item(s) at your risk. Please make sure you understand what is required to purchase one of these items. The mechanical workings of these firearms have not been tested. We highly recommend that the firearms be checked for their safety and ability to fire by a qualified gun repair shop/gunsmith prior to shooting.

3. It is the perspective bidders responsibility to ensure that the item (s) they purchase can be legally owned in their State, County or Jurisdiction. The firearms will be broken down into 6 categories. #1 ANTIQUE. An Antique is generally a firearm that is made to fire modern metallic ammunition but was made prior to 1898. No paperwork is required to transfer this type of firearm. #2 BLACKPOWDER. A Black powder firearm is not made to fire modern metallic ammunition. No paperwork is required to transfer this type of firearm. Can be exceptions. #3 CURIO & RELIC. A Curio & Relic Firearm has been designated by the by the BATFE as having collector value or is over 50

2-6-25 Firearm Auction Day #1-A&M Auction Facility, Parsons 2/6/2025

years old. Only Licensee's who have applied for and received a CURIO & RELIC LICENSE through the BATFE Qualify for this category. #4 MODERN. A Modern firearm is made after 1898 & is required to be transferred via an instant background check by an FFL dealer to transfer the firearm to you. #5 REGULATED. A Regulated Firearm is designated so by the State of Maryland & requires an instant background check & associated paperwork to be completed for the MD State Police. This covers most handguns that fire metallic cased ammunition. This paperwork requires a 7 day (Business Day) waiting period. #6 MD BANNED. This category will contain certain Assault Rifles (AR-15, AK-47, UZI, SKS w/detachable mag, ect...) that the State of Maryland has banned for transfer in the State of Maryland. This type of firearm can't be purchased by a Maryland Resident. It may be sold to residents of other States where that type of firearm is legal to purchase. THE FIREARM TYPES ARE LISTED BELOW IN THE CATALOG. AS A GENERAL RULE THESE ARE NOT SUBJECT TO CHANGE UNLESS A TYPOGRAPHICAL ERROR WAS MADE. Our FFL has the final say on this matter. If a firearm is listed as modern or regulated it is on our FFL dealers ACQUISITION & DISPOSITION (A&D) book & will not be changed, I.E. paperwork is required. The only way Firearms listed in categories #3-#6 can be transferred is through a background check, to a FFL Dealer, or if the firearm is a C&R and you have a C&R License. Only the firearms marked as C&R can be transferred as C&R. An Antique or Black Powder firearm can be shipped directly to any buyer in the U.S. If you have questions please bid before you buy as all sales are final. It is the Buyers responsibility to provide the info of an FFL to whom any & all MODERN/REGULATED/MD BANNED firearms must be shipped. TERMS OF SALE

We advise all prospective bidders to read the Terms & Conditions of the Auction Sale before bidding in an A&M Auctioneers and Appraisers, LLC Auction. By placing a bid the bidder is bound by those Terms and Conditions of the Sale, as amended by any oral announcement or posted notices, which together form the contract of the sale between the successful bidder (purchaser), A&M Auctioneers and Appraisers, LLC and the seller (consignor) of the lot(s).

1. All property is sold "As Is, Where Is", and All Sales are Final. There is no bid reversals or refunds.

2. INSPECTION: Property is open to thorough public inspection. The bidder is invited, urged and cautioned to inspect the property prior to bidding. Property will be available for inspection at the places and times specified. It is the Bidder's responsibility to determine condition, age genuineness, authenticity, value or any other determinative factor prior to placing a bid on an item. Bidder shall be the sole judge of value. A&M Auctioneers and Appraisers, LLC may attempt to describe the merchandise in advertising, on the internet, over the phone and at the auction but makes no representations. Persons in attendance during inspection, sale or removal of merchandise assume all risks of damage or loss to persons, property, or merchandise and shall exercise proper precautions at all times for the protection of persons and property and shall comply with all safety and health requirements as directed by Auctioneer, and local, state and federal regulations. Auctioneer, its agents, its employees and representatives shall not be liable by reason of any defect in or about the condition of the premises on which the auction is held. Buyer specifically releases Auctioneer, its agents and representatives from all liability thereof. In no event shall A&M Auctioneers and Appraisers, LLC be held responsible for having made or implied any warranty of merchantability or fitness for a particular purpose.

3. BIDDER REGISTRATION: Bidder must be 18 years of age or older, and is required to register for each auction. To participate in this Auction prospective bidders must register & provide identification information to establish that you are a valid bidder: At the time of registration, we collect information about you to verify who you are before you can bid. Bidder must submit information found to be current, complete, and accurate for proper identification. We collect credit card information to ensure that you are a qualified buyer. Bidder is responsible for security of his/her bidding number/user name and password, and any and all bids placed under the assigned number/ID. Auctioneer should be notified immediately if Bidder believes his/her bid number, account and/or password have been compromised.

2-6-25 Firearm Auction Day #1-A&M Auction Facility, Parsons 2/6/2025

There is no cost to register for an auction (A \$1 Authorization will be charged when you initially register to validate your credit card by Auctionflex.) The Authorization is never deducted from your account. It verifies that the card being placed on file is legitimate. The Billing information including address will be validated through this authorization. If the Billing information on the Card doesn't match your shipping information the card may be rejected for possible fraud activity.

Auction Co, at its sole discretion, reserves the right to terminate any registration, deny any person for any reason permission or access to bid, to reject any and all bids, and to suspend or ban Bidder from bidding. Bidder registration is not transferable or assignable.

Highbid User Ratings. Every bidder starts with a reputation of 0 and, with activity, this score goes up or down to a value between -100 (very bad) and 100 (very good). Any bidder with a reputation lower than +1 will have their auction bid permission set to pending. We will verify your information if you are a new bidder with a reputation of "0". Once approved or declined you will receive an email confirmation. If you have a negative user rating/score on Hibid or Proxibid the Auction Co. at its sole discretion may decline any and all bids placed by your account. As a last resort if we find you to be a non paying bidder or using fraudulent registration and/or credit card information you may be permanently declined from bidding at our auctions.

Once a new HiBid customer has participated/purchased items in a few auctions you will start to build up positive feedback with a successful pay and pickup transaction. Once you have a positive feedback rating your account will normally be automatically approved for auctions conducted on HiBid by A&M Auctioneers for a preset bidding amount. That amount is normally equal to the highest priced item in the Auction. If we have a vehicle that is worth \$4,000 we would say that \$5,000 would be the maximum high bid that would automatically be approved on your account. Anything above that would require approval.

NOTE: If you are a new bidder to HiBid/A&M Auctioneers with a "0" feedback rating we will verify your registration information and assign your account a Maximum Preset High bid (Per Item) amount. This amount will be a Maximum of \$500 per item and will depend on the Auction. This pre-approval amount will be reflected in the Bidder Acceptance email once your account has been approved. We recommend that when bidding place yours bids early so that you will know that your bid will be accepted. Don't wait until the final minute before the item closes to try to bid. In this scenario for example if you had been approved for a \$500 max high bid per item and the bidding is already over \$500. If you bid \$750 your bid will be set to pending, a notification is sent to us and it is nearly impossible to act upon that less than 60 Seconds. If you know you will be

bidding higher than the amount that you were approved for in the email contact us prior to the item ending and we can make a manual change.

If you are not comfortable or willing to register online which includes placing a credit card on file on our Secure Web server you may enter bids in person at our facility. Bids must be in writing and are legally binding just the same. A Valid Credit Card will still be required on the bid form. Valid Identification will also be required if you are unknown to the Auction Co. We will upload the bids placed by you on your behalf onto the online bidding server.

4. All items offered online will have a minimum starting bid as displayed on the online catalogue. Online bids lower than minimum will not be accepted.

5. **CATALOGUE ERRORS & OMISSIONS:** If a description does not match a picture in a lot, the description takes precedence. If you find an error please contact the Auction Co. and we will attempt to rectify it. All items are sold on an "as is, where is" basis, with all faults. In the event an item was listed in error or an item can't be located during pick up for any reason, the bidder agrees that their maximum recourse is a full refund of the item in question and that all other items bid on remain binding. By bidding you are acknowledging agreement with the terms above. Do not bid unless you agree to all of these terms. The Bidder is responsible for knowing which item is being bid on. If the Bidder is unsure, they should inquire or not bid. When becoming the winning bidder at auction you have effected a contract and will be expected to pay for items in which you were evidenced to be the successful bidder. Auctioneer will not honor "mistakes".

6. **REVIEWING YOUR BIDS:** During an auction you can check the status of your bids at anytime by logging into online server. Please be careful when placing bids. Placing a bid is a two step process. When you click bid button it will pull up a window verifying that you want to place that bid. If you want to place the next bid increment that the computer is asking for you can do that. If you desire to increase the amount of your bid this screen will allow you to bid a higher amount. Ensure that you type in the correct amount. If you make an error the Auction Co. can attempt to correct it but it has to be in a timely manner before the item closes. In order to make a correction you must contact the Auction Co. at 410-835-0384. We have a staff member in the office during all online auctions. You are responsible for the bids that you place. Note that no bids can be withdrawn after the auction for any reason.

7. **PROGRESSION OF THE AUCTION:** Auctions are typically uploaded to the HiBid Auction Platform 30-45 days before the auction is scheduled to end. Some short notice auctions may be online for only 15-30 Days. Each Auction will have a scheduled

2-6-25 Firearm Auction Day #1-A&M Auction Facility, Parsons 2/6/2025

time that each auction items will begin closing. If an auction starts closing on a Wednesday night at 5 PM the first lot will be scheduled to close at that time. Depending on the quantity of items in the Auction lots may be scheduled to end anywhere between 30 to 60 seconds a part. Each lot will show a scheduled ending time. If no one bids in the final minute before a lot is scheduled to close that lot will close out. If someone bids within the final minute before that lot is scheduled to close, 1 Extra minute will be added to that lot and that lot only to allow additional time for people to bid. The remaining lots behind that lot will continue to close as scheduled unless someone bids in the last minute on that specific lot as well. This is done to prevent a bidder from 'sniping', all bids made in the last minute of the auction will force an item to stay open for an additional 1 minute. This gives the back bidder additional time to increase his/her bid if desired. This process will continue until all bidding has ceased on no one bids within the additional minute that was added.

8. PAYING FOR YOUR PURCHASES: There is no cost to register for an auction. Generally you will receive an "UNPAID" Auction Invoice on the day/night of the Auction immediately following the sale. You will normally be afforded a period of 12-24 hours to contact us and arrange an alternate payment method. We generally process Credit Card transactions the day after the Auction at a specified time. If you don't contact us during this period we will Charge the Credit Card that was placed on file at Registration for the Purchase price of your won items including Sales Tax and Buyers Premium. When an auction closes, if you are the winner, you must attend during the allotted Pick up time frame where you may pay cash, Approved local Check, Visa, Mastercard, American Express or Discover. If you do not pick up during the allotted time, we will charge your credit card with the winning bid amount, plus applicable Buyers Premium and taxes. In addition if we move your items from the Auction site back to our facility you will be responsible for a transportation fee as stated in terms of auction. If your Credit Card is declined you can pay in person when you pick the items up.

9. BIDDING NOTIFICATIONS: You can choose to be notified by e-mail during the auction if you have been outbid. Please note that outbid notifications are NOT sent out during the last two hours of the sale. You can watch each item end. If you are the high bidder on an item the item will be highlighted in Green in the Live Auction area. If the lot changes from green to red it means that you have been outbid and would need to bid again At a higher bid. The item will not change back to green until you have surpassed the high bid that the back bidder placed.

10. RESERVE: Seldom are items sold with Reserve. If an item is being sold with a reserve, it will be clearly marked and identified. For items sold with a 'reserve', you will be required to pay a minimum amount in order to win the item.

11. REMOVAL OF ITEMS: All items are sold in place. Buyers are responsible to remove items in a good workmanlike manner. Any plumbing must be shut off before being disconnected and any electrical that is disconnected must be capped. You must bring any and all tools, equipment required to disconnect and remove any items you purchase. You must bring any required labor to assist in carrying your items from the home to your vehicle. We will have staff onsite to assist buyers in finding their items but they will likely not be available to assist in any way with removal of your items. Please plan ahead and come prepared. You are expected to bring boxes, packing materials, tape, tools, wheel carts, dollies or anything else needed to remove your items in a timely manner. Any items not removed by the times shown will be deemed abandoned regardless of the price. If you can't pick your items up during the time scheduled, you are responsible for designating someone to pick your items up during the time that we are scheduled to be there. Many of these auctions are conducted offsite in a consignor's home. We have contracted with that person the dates that we are provided access to the home. You have been advised of the preview and pickup dates prior to the auction. If you are unable or unwilling to pickup your items during the scheduled time please don't bid on the items unless you provide someone to pick your items up for you.

12. RISK TO PERSON AND PROPERTY: BY REGISTERING AS A BUYER, YOU AGREE THAT A&M AUCTIONEERS & APPRAISERS, LLC & THE SELLER/CONSIGNOR ARE NOT LIABLE TO YOU FOR ANY DAMAGE TO THE ITEMS YOU PURCHASED, YOUR OTHER PERSONAL PROPERTY, OR FOR INJURY OR DEATH. Please take care of yourself and your items as you have released us from liability. We will not be liable for damage or injury to individuals or their property. Purchaser assumes all risk and liability whatsoever resulting from the use of the item(s) sold hereunder; and shall defend, indemnify, and save harmless Auctioneer and Seller from any liability.

13. AUCTION RECORDS: In the unlikely event of a dispute, you agree to accept as true the information that we have in our records.

14. ADDITIONS & DELETIONS: We reserve the right to remove and/or add lots and/or items to the sale at any point during the auction.

15. The Auctioneer reserves the right to accept bids in any increment he feels is in the best interest of his client, the Seller. The Auctioneer reserves the right to reject the bidding of any person whose conduct, actions, or adverse comments he feels are not in the best interest of the Seller.

16. Titles will be disbursed on auction day only if payment is

2-6-25 Firearm Auction Day #1-A&M Auction Facility, Parsons 2/6/2025

made in cash; otherwise they will be mailed when the check clears the bank. This will take approx.10 days for a personal check. If you replace a personal check with a local bank/cashier's check we will be able to hand you the title at that time.

17. **SALES TAX:** Sales tax will be added to the purchase of all taxable items. Dealers who purchase for resale must file their resale permit numbers. If you are Maryland Dealer you are required to have a Valid Sales & Use Tax License with the State of Maryland. We are required to verify that the license is Valid before deducting Sales Tax. We will verify the Tax # that you provide and print a Blanket Resale form for your to sign. This needs to be completed before the billing process is initiated. You can't use someone else's Sales & Use License. For Bidders from another state we are required by the State of Maryland to have a copy of your State Business License/Tax License on file in order not to charge Tax.

BUYER'S PREMIUM: A premium of 15% of the bid price will be added to the price of each item purchased. Taxes are calculated AFTER the buyer's premium. The Bidders Payment Type will not affect the Buyer Premium at an Online Only Auction. The buyer's premium includes commissions and/or fee's retained by the Online Bidding Platform company.

18. If the foregoing conditions or any other applicable conditions are not complied with, in addition to other remedies available to Auctioneer and Seller by law, including without limitation, the right to hold the purchaser liable for the bid price, the Auctioneer, at their option may (1) resell the property publicly or privately, with purchaser being liable for the payment of any deficiency plus all costs incurred, or (2) cancel the sale, retaining liquidated damages on all payments made by purchaser, Auctioneer commission and all other incidental damages will be charged.

TERMS OF SALE

We advise all prospective bidders to read the Terms & Conditions of the Auction Sale before bidding in an A&M Auctioneers and Appraisers, LLC Auction. By placing a bid the bidder is bound by those Terms and Conditions of the Sale, as amended by any oral announcement or posted notices, which together form the contract of the sale between the successful bidder (purchaser), A&M Auctioneers and Appraisers, LLC and the seller (consignor) of the lot(s).

1. All property is sold "As Is, Where Is", and All Sales are Final. There is no bid reversals or refunds.

2. INSPECTION: Property is open to thorough public inspection. The bidder is invited, urged and cautioned to inspect the property prior to bidding. Property will be available for inspection at the places and times specified. It is the Bidder's responsibility to determine condition, age genuineness, authenticity, value or any other determinative factor prior to placing a bid on an item. Bidder shall be the sole judge of value. A&M Auctioneers and Appraisers, LLC may attempt to describe the merchandise in advertising, on the internet, over the phone and at the auction but makes no representations. Persons in

attendance during inspection, sale or removal of merchandise assume all risks of damage or loss to persons, property, or merchandise and shall exercise proper precautions at all times for the protection of persons and property and shall comply with all safety and health requirements as directed by Auctioneer, and local, state and federal regulations. Auctioneer, its agents, its employees and representatives shall not be liable by reason of any defect in or about the condition of the premises on which the auction is held. Buyer specifically releases Auctioneer, its agents and representatives from all liability thereof. In no event shall A&M Auctioneers and Appraisers, LLC be held responsible for having made or implied any warranty of merchantability or fitness for a particular purpose.

3. BIDDER REGISTRATION: Bidder must be 18 years of age or older, and is required to register for each auction. To participate in this Auction prospective bidders must register & provide identification information to establish that you are a valid bidder: At the time of registration, we collect information about you to verify who you are before you can bid. Bidder must submit information found to be current, complete, and accurate for proper identification. We collect credit card information to ensure that you are a qualified buyer. Bidder is responsible for security of his/her bidding number/user name and password, and any and all bids placed under the assigned number/ID. Auctioneer should be notified immediately if Bidder believes his/her bid number, account and/or password have been compromised.

There is no cost to register for an auction (A \$1 Authorization will be charged when you initially register to validate your credit card by Auctionflex.) The Authorization is never deducted from your account. It verifies that the card being placed on file is legitimate. The Billing information including address will be validated through this authorization. If the Billing information on the Card doesn't match your shipping information the card may be rejected for possible fraud activity.

Auction Co, at its sole discretion, reserves the right to terminate any registration, deny any person for any reason permission or access to bid, to reject any and all bids, and to suspend or ban Bidder from bidding. Bidder registration is not transferable or assignable.

Highbid User Ratings. Every bidder starts with a reputation of 0 and, with activity, this score goes up or down to a value between -100 (very bad) and 100 (very good). Any bidder with a reputation lower than +1 will have their auction bid permission set to pending. We will verify your information if you are a new bidder with a reputation of "0". Once approved or declined you will receive an email confirmation. If you have a negative user rating/score on Hibid or Proxibid the Auction Co. at its sole discretion may decline any and all bids placed by your account. As a last resort if we find you to be a non paying bidder or using

2-7-25 Firearm Auction Day #2-A&M Auction Facility, Parsons 2/7/2025

fraudulent registration and/or credit card information you may be permanently declined from bidding at our auctions.

Once a new HiBid customer has participated/purchased items in a few auctions you will start to build up positive feedback with a successful pay and pickup transaction. Once you have a positive feedback rating your account will normally be automatically approved for auctions conducted on HiBid by A&M Auctioneers for a preset bidding amount. That amount is normally equal to the highest priced item in the Auction. If we have a vehicle that is worth \$4,000 we would say that \$5,000 would be the maximum high bid that would automatically be approved on your account. Anything above that would require approval.

NOTE: If you are a new bidder to HiBid/A&M Auctioneers with a "0" feedback rating we will verify your registration information and assign your account a Maximum Preset High bid (Per Item) amount. This amount will be a Maximum of \$500 per item and will depend on the Auction. This pre-approval amount will be reflected in the Bidder Acceptance email once your account has been approved. We recommend that when bidding place your bids early so that you will know that your bid will be accepted. Don't wait until the final minute before the item closes to try to bid. In this scenario for example if you had been approved for a \$500 max high bid per item and the bidding is already over \$500. If you bid \$750 your bid will be set to pending, a notification is sent to us and it is nearly impossible to act upon that less than 60 Seconds. If you know you will be bidding higher than the amount that you were approved for in the email contact us prior to the item ending and we can make a manual change.

If you are not comfortable or willing to register online which includes placing a credit card on file on our Secure Web server you may enter bids in person at our facility. Bids must be in writing and are legally binding just the same. A Valid Credit Card will still be required on the bid form. Valid Identification will also be required if you are unknown to the Auction Co. We will upload the bids placed by you on your behalf onto the online bidding server.

4. All items offered online will have a minimum starting bid as displayed on the online catalogue. Online bids lower than minimum will not be accepted.

5. CATALOGUE ERRORS & OMISSIONS: If a description does not match a picture in a lot, the description takes precedence. If you find an error please contact the Auction Co. and we will attempt to rectify it. All items are sold on an "as is, where is" basis, with all faults. In the event an item was listed in error or an item can't be located during pick up for any reason, the bidder agrees that their maximum recourse is a full refund of the item in question and that all other items bid on remain binding. By bidding you are acknowledging agreement with the

terms above. Do not bid unless you agree to all of these terms. The Bidder is responsible for knowing which item is being bid on. If the Bidder is unsure, they should inquire or not bid. When becoming the winning bidder at auction you have effected a contract and will be expected to pay for items in which you were evidenced to be the successful bidder. Auctioneer will not honor "mistakes".

6. REVIEWING YOUR BIDS: During an auction you can check the status of your bids at anytime by logging into online server. Please be careful when placing bids. Placing a bid is a two step process. When you click bid button it will pull up a window verifying that you want to place that bid. If you want to place the next bid increment that the computer is asking for you can do that. If you desire to increase the amount of your bid this screen will allow you to bid a higher amount. Ensure that you type in the correct amount. If you make an error the Auction Co. can attempt to correct it but it has to be in a timely manner before the item closes. In order to make a correction you must contact the Auction Co. at 410-835-0384. We have a staff member in the office during all online auctions. You are responsible for the bids that you place. Note that no bids can be withdrawn after the auction for any reason.

7. PROGRESSION OF THE AUCTION: Auctions are typically uploaded to the HiBid Auction Platform 30-45 days before the auction is scheduled to end. Some short notice auctions may be online for only 15-30 Days. Each Auction will have a scheduled time that each auctions items will begin closing. If an auction starts closing on a Wednesday night at 5 PM the first lot will be scheduled to close at that time. Depending on the quantity of items in the Auction lots may be scheduled to end anywhere between 30 to 60 seconds a part. Each lot will show a scheduled ending time. If no one bids in the final minute before a lot is scheduled to close that lot will close out. If someone bids within the final minute before that lot is scheduled to close, 1 Extra minute will be added to that lot and that lot only to allow additional time for people to bid. The remaining lots behind that lot will continue to close as scheduled unless someone bids in the last minute on that specific lot as well. This is done to prevent a bidder from 'sniping', all bids made in the last minute of the auction will force an item to stay open for an additional 1 minute. This gives the back bidder additional time to increase his/her bid if desired. This process will continue until all bidding has ceased on no one bids within the additional minute that was added.

8. PAYING FOR YOUR PURCHASES: There is no cost to register for an auction. Generally you will receive an "UNPAID" Auction Invoice on the day/night of the Auction immediately following the sale. You will normally be afforded a period of 12-24 hours to contact us and arrange an alternate payment method. We generally process Credit Card transactions the day after the Auction at a specified time. If you don't contact us

2-7-25 Firearm Auction Day #2-A&M Auction Facility, Parsons 2/7/2025

Please note that outbid notifications are NOT sent out during the last two hours of the sale. You can watch each item end. If you are the high bidder on an item the item will be highlighted in Green in the Live Auction area. If the lot changes from green to red it means that you have been outbid and would need to bid again At a higher bid. The item will not change back to green until you have surpassed the high bid that the back bidder placed.

You have been advised of the preview and pickup dates prior to the auction. Please take care of yourself and your items as you have released us from liability. We will not be liable for damage or injury to individuals or their property. We will verify the Tax # that you provide and print a Blanket Resale form for your to sign. This needs to be completed before the billing process is initiated. You can't use someone else's Sales & Use License. For Bidders from another state we are required by the State of Maryland to have a copy of your State Business License/Tax License on file in order not to charge Tax.

BUYER'S PREMIUM: A premium of 15% of the bid price will be added to the price of each item purchased. Taxes are calculated AFTER the buyer's premium.
